Western TRUCKING ALLIANCE
An Interstate Conference of CCTA

CalConTrk.org/Western

Integrity • Professionalism • Education • Safety

A Non-Profit Organization Incorporated in 1941 and Committed to Protecting Member Interests

MEMBERSHIP BENEFITS & APPLICATION

Owner-operators and small-fleets, if you operate in the west – especially the State of California - you should be a member of the **ONLY** national trucking association that understands the unique challenges of operating in this region. The **Western Trucking Alliance** is the Interstate Conference of the California Construction Trucking Association with a rich 71- year history representing small-business trucking.

The trucking industry faces many new challenges today that will reshape the industry. Whether it's environmental regulation from US EPA, the California Air Resources Board, or the new safety measurement system (CSA) from the Federal Motor Carrier Safety Administration, we have the experienced, dedicated, and respected staff to keep you informed, answer your questions, and lobby for commonsense laws and regulations on your behalf.

REASON'S WHY YOU SHOULD JOIN

- We're the ONLY national trucking association representing owner-operators and small-fleets in legal action against both CARB and US EPA challenging their legal authority to regulate your business!
- A pro-active legislative agenda tailored for small-businesses by actual small-business owners!
- Dozens of programs designed to assist your business and compliance with regulations
- **STRENGTH IN NUMBERS** – While other associations have raised their dues for owner-operators and small-motor carriers, we have not! The larger the Association, the more powerful it becomes. Actions taken by the CCTA/WTA affect the business and income of every truck owner. Have a voice in our vital activities, JOIN TODAY!
